

Extension unit for the microphone station MPS-8Z.

Extension with 8 additional programmable buttons. These can be assigned to different zones by the NEO Configurator software.

The keypad includes a transparent cover with labeling option for the zone keys.

Up to 7 MPS-8K units can be connected per MPS-8Z microphone station.

### MPS-8K main features:

- Up to 7 keypad extensions can be connected to one MPS-8Z microphone station
- 8 labelable keys with zone selection
- Rugged steel housing provides stability
- Keys are designed for continuous use
- Color: gray (RAL 7016)
