**Statement regarding Product Status: ONE LOOP 04 - Additional item for ONE 500**

Dear Business Partners,

A healthy product lifecycle includes the process of product discontinuation.

For many years, we have manufactured our products reliably and consistently in high quality. Nevertheless, due to current technological advancements, component scarcity, and general price trends in the component sector, we are compelled to replace products with more modern successor products after a long and continuous availability.

With this letter, we inform you about the discontinuation of the ONE LOOP 04 - Additional item for ONE 500 (ART06064) **December 31st, 2024**.

From this point forward, the ONE LOOP 04 will no longer be available for marketing or active sales.

If you have any questions, please do not hesitate to contact us using the above-mentioned contact details.

Sincerely,  
GRÄF & MEYER GMBH
